RMX is the only company in the world that manufactures both the hoses and the auto retractable reels that they go on. The BluBird heavy duty retractable reels are constructed using 18g steel which is then powdered coated; giving it superior resistance to rubbing, flaking and rust. These reels are equipped with a powerful, heavy duty steel spring along with a class leading 12pt ratchet system that helps lock out the hose at shorter lengths and also enables a smooth auto rewind. The reels also feature a rubber gasket for extended life of the spring. BluBird reels are available in both single and dual arm versions. These reels carry an unmatched 2 year warranty.

Reel Features

- Unmatched 2 year warranty
- 20/18 gauge powder coated steel construction
- 12 point ratchet system which helps lock out the hose at shorter lengths
- Specialised internal system reduces the spring vibration, enables quieter operations & extends the life of spring
- Includes 3' Lead-in hose
